One of the interesting things that came moor clear to us during our 24 hr down time, was transparent exposure to under-handed activities. We found some of the family took advantage of the opportunity in assuming we were out of business and made a full flyer that posted us as "Out of Business" **AND** they took joy and responsibility for us being down. They said if we come back up "**THEY**" would shut us down again.. mmm.... and mentioned how now *they* can disperse the proper lessons of Prophet Noble Drew Ali. We found this very interesting because for one, those lessons have been out for over 100 years; **2.** We honor and respect those same lessons, and; **3.** Why weren't they dispersing the lessons all along whether we were existing or not? mmm.... In fact, we thought, if they spent their time dispersing those lessons, they may not have time to slander anyone. Clearly they are NOT with R.V. Bey Publications. In case we thought there were some other reasoning in the slander, thanks for letting us know it is pure unadulterated lower self hatred, slander, and all things that harm that navigates **their** human Temple, which is what the prophet came to help uplift fallen humanity from, and is a violation of Act 3 in those same By-Laws of the association. Some need to either get a new navigator or a new body (Temple).

**We also found a group who put a message on facebook:** "Since R.V. Bey is *down*, send all of your papers to us." They were talking about proclamations in process intended to be sent to R.V. Bey and affiliates. Now that was a straight up "**Re-direct.**" It reverberates as we speak, as some are STILL confused about where to send them. That was a classic "Causing Confusion".

People often ask why does it seem that Moors are not united? and they come up thinking they will be the ones to "bring the unity." Many are united in thought, in spirit and in deed, possibly some do not have eyes to see them and some do not want to be seen, however that does not mean the energy of the unified messages cannot be heard. We recognize the answer in part to that question was served to us all from the universe. It is about the mindset, about the mental slavery. As the Prophet said it is not money, but national principles that make the man.

**Definiton of Unity:** In the law of estates.... Stop right there, let's go no further. If you still call yourself negroe, colored or black **OR** act and think in the mindset of negroe, colored and black, then you will never find unity because **status** and **estate** mean the same thing.

"You will gain back your heritage and your lost estate in a conflict that cannot be told in words.

-- **Prophet Noble Drew Ali** (Chapter 1 - Circle 7 Holy Koran)
