## **Peace and Love to the Reader and to All,**

I thought it worthy to exhibit this upon revelation from study and the ending of the ‘A Truth about Moors, Christmas and the Mistletoe’ article. For the record, these words Infra are not my own but very worthy considering that **Justice is one out of the five Primitive National Principals of Moors/Americans.** **Peace.**

**Justice** in the language of Webster, “is the greatest interest of man on earth.” It (Justice) is the Ligament which holds **civilized nations** together. Wherever her temple stands and as long as it is **duly honored**, there **is** a foundation for **Social Security**, general happiness, and the Improvement and progress of our race... (Emphasis on **Social Security** mentioned in connection to **Justice** “wake up sleepy headed Moors”) *Reference John Bouviers Concise Encyclopedia of Law Francis Rawles 3<sup>rd</sup> revision page 1796 definition of Justice.*

...And whoever **labors on this edifice with usefulness and distinction**, whoever clears its foundations, strengthens its pillars, adorns its entablatures, or contributes to raise its august dome still higher in the skies, connects himself in name, and fame, and character, with that which is and must be, as durable as the frame of human society. *Reference John Bouviers Concise Encyclopedia of Law Francis Rawles 3<sup>rd</sup> revision page 1796 definition of Justice.*

**(Excerpt: and Jesus [Justice] answered them and said “a master never screens himself for sake of reputation or of fame” Reference Chapter 9 The Holy Koran of the Moorish Holy Temple of Science).**

**Justice-** noun [Latin *justitia, justice* from *Justus, lawful, rightful, just* from *jus, law, right*] 1). **The virtue** which consist in giving to everyone what is his due; practical conformity to the principals of rectitude, in the dealings of men (mind) with each other; honesty; integrity in commerce or mutual intercourse *Reference Websters 1936 Unabridged dictionary page 916.*

*Love, Truth, Peace, Freedom, and Justice.*
