

Grand Sheik Way-El **and** Brother C. Harrison (Ali) Bey. You have **both** shown that you are NOT astute in Law, but are astute in thinking that those who propose to be officers, officials and Law Makers and enforcers, are actually Officers, officials and Law Makers and Enforcers, when they are NOT!

EXAMPLE 1: A police is NOT an officer, he or she is not an Official, nor are they Law Enforcers. They are policy enforcers, private security guards, working for corporations to protect corporations and those who are members of corporations and break corporate codes.

It is **NOT** the duty of the **police** to protect you. Their job is to protect THE CORPORATION and arrest **code breakers**. (Sapp vs. Tallahassee, 348 So. 2nd. 363, Reiff vs. City of Phila. 477 F. 1262, Lynch vs. NC Dept. of Justice 376 S.E. 2nd. 247).

EXAMPLE 2: It is NOT a matter of what the New Jersey State (or ANY State's) Motor Vehicle Surcharge System (MNVSS or MVS) says or prints what a surcharge is. It is for YOU to **know** what a Surcharge is in Law, of which, such definition applies to ANY state and to any agency, agent of the agency, charter, sub-charter, chapter, sub-chapter, association, organization, corporation, and / or entity operating upon the American land.

Surcharge: n. An overcharge; an exaction, impost, or incumbrance beyond what is just and right, or beyond one's authority or power.

Possibly you would re-think and re-write your article, as it is weak as it pertains to Law. The Prophet told you to enforce the Constitution, which is **FOR** the United States of America which is comprised of all states and all states are Union states established by charter and sub-charters. They are also quasi-national domiciles and are NOT National domiciles. The National domicile is for Nationals, such as Moors. Nationals are tied to the land and are part and parcel to it. The geographics of said land are described in Chapter 47 of the Circle 7 Holy Koran, and includes the American land estate continentally: North, South, Central and the adjoining Islands. The reason he gave the instructions for you and I as Moors to enforce the Law of the Land, is so that you and I are NOT molested by "other citizens". You do know who they are - don't you? If not, the sooner you find out by study, the quicker you will be out of the mental slavery you are presently in. As an **El** or **Bey**, you are the Law Enforcer and law abiders with the obligation to enforce the American National Constitution of 1791, which YOU must also answer up to and does not mean to answer up to the State's quasi-national constitution, or agencies they may contract to, such as the various DMV's, as they may in FACT give and enforce fallacious information particularly as it applies to Law. **Thus**, Article VI is to be enforced, as States CANNOT even make Law. You both need to show yourselves approved and know the difference between a statute, ordinance, and a policy, all of which apply ONLY to members of said corporations (the other citizens that molest you) and NOT to Nationals, or to any natural being. And if they do make any statute, ordinance, policy and try to pass it off as Law, and that said fallacious so-called law violates the rules of

Law already scribed in the organic American National Constitution of 1791, then it has NO STANDING in Law. – **See Article VI.** Why are you enforcing so-called Laws of a State as that is **the** example of "**Color of Law**", Color of Authority and Color of Office, et al. You know anything stained, varnished or dyed is color, otherwise is a semblance of that which is real even in phraseology, but is not real. This is what you as a Grand Sheik ought to be protecting the people and your members from. Upon studying the TRUE Law of this land, it may bring what is being said here, to a better light for you both, as Truth and Falsehood is strangely mixed, and you have displayed it so eloquently by your mixing of apples, oranges and bananas, as it pertains to Law.

LASTLY AND VERY IMPORTANT: We at R.V. Bey Publications do not claim to be sovereign citizens, or partake in any such activity of a free man on the land, etc., and other 'labels and brands that do not elude to Nationals and National activity. They are potentially dangerous wording, especially for you to throw around, because for one, Sovereignty does not stand alone. It is determined by your Nationality. Your nationality determines your political allegiance, meaning the allegiance to your Family, of which you have no allegiance to your family, as your writings and audacity to post such is a clear dividing of the family. Do not confuse "the sovereign citizen movement" established by modern europeans, in a conquest intent to steal YOUR inheritance and hide the truth about YOUR birthrights. The Prophet's call out was to "Come Hear the Truth about YOUR Nationality and YOUR Birthrights". Sovereignty actually indicates your relationship to the land, of which modern europeans and all of their institutions and organizations are occupiers of it and they know it and do not hide that fact. Upon asking any modern european for their nationality, you will find it to be Irish, German, French, etc, because they are not the aboriginal people of the American land estate. They are not the nationals here. If you, Grand Sheik and Brother C. Harrison (Ali) Bey, read Chapter 47, you would have a better overstanding of what and where that land estate is for Moors. This is a piece of the illustrious history and the vast estate that you will gain back in a conflict that cannot be told in words, as your conflict will come first with you, then you will attempt to explain it in words.

What you have written in words entitled "**Debunking Sovereignty myths: R.V. Bey Publications False Information**", is a blatant example of your lack of study to show yourself approved; UNLESS, you are a member of a corporation, or of the United States of America, which is a corporation operating under English Law - not American Law, and under the authority of charters, which proves who they are and are not. If you are such a member by choice, be it voluntary ignorance or involuntary ignorance, it explains your untoward division of the family.
