

MEMORANDUM

TO: R.V. BEY PUBLICATIONS

FR: Sidi Saleem Azeem Bey Efendi

DT: For Publication on Holy Day May 5, 2017 (1438)

I am distributing this memorandum in for publication on the 155th anniversary of Cinco de Mayo to clear up some organized confusion that persists regarding the true background and status of the Moors originally domiciled here in North America (El Maghreb El Aqsa). Prophet Noble Drew Ali brought forth a Divine Truth that has NOT been placated by falsehood as it may appear 'online'. History repeats itself, and Noble Drew Ali said that he would repeat himself as well. The agitation, misinformation, disinformation, and overall confounding tactics of COINTELPRO agents disguised as 'faithful Moors' has made it necessary for 'the faithful' to provide some clarification and by design, wield the sword of truth and shame the devil.

For the record, when Prophet Noble Drew Ali passed form in 1929, a great "sellout" occurred. Noble Drew Ali's own Supreme Grand Business manager, Aaron Payne El, listed Prophet Noble Drew Ali's race as "black-American" on his death certificate. This was in essence for all practical and legal purposes – a betrayal. Aaron Payne El was a Moorish adept, attorney and graduate of the prestigious University of Chicago School of Law. This was surely not an error, for ALL adepts know that the true race of the Moors is "Asiatic", and not 'black' (See Key #90). After the Prophet passed form, the faithful Moors set out to murder Aaron Payne El for treason. His home was protected by none other than the Chicago City Police. "Police protection" and or close relations is the tell-tale sign of a covert agent provocateur. The same corrupt Chicago Police department that was responsible for the false arrest and abuse of Prophet Noble Drew Ali, was now protecting the man (Aaron Payne) who blatantly labeled The Prophet Noble Drew Ali a 'Negro' posthumously. (i.e. "Black" American necessarily means 'Negro' in Law according to Black's Law Dictionary 4th Edition)

Because Noble Drew Ali was a mastermind, he had given definitive assignments to several of his faithful Moors, and many today are still trying to figure out what is clear to the clairvoyant. But Allah reveals truth to whom he will. Time is also the best revealer, and E. Mealy El, also an attorney, proved to be a faithful Moor in that he kept records that allowed the 'new Moors' to find the bread crumbs left by the Prophet. Elijah Poole Bey could often be found on the front row of Prophet Noble Drew Ali's temple meetings feverishly taking notes. He was very humble, soft-spoken, quiet and most studious. Because of his demeanor, Noble Drew Ali gave him the assignment of keeping "Islam" alive in name and creed for the Moors, who were about to take yet another fall due to infighting and betrayal. Bro. Poole Bey discarded Moorish nationality altogether and altered the racial aspect of the Prophet's teachings and began to refer to the Moors as the "Asiatic Black man" – a misnomer. He also took on the name Elijah Muhammad, because he himself was to carry the torch of Islam as a reminder of our ancient creed. Elijah Muhammad gave his most trusted divine Minister the title "Bey". He is still alive today and is known as Brother Lucius Bey (Lucius = Roman praenomen, or given name, which was derived from Latin lux "light"). Minister Lucius Bey is known as "The Dean" of the Honorable Elijah Muhammad's Ministers in the Nation of Islam, and with good reason. He also gave his most famous member Cassius Clay, the title Muhammad "Ali", and with good reason. He knew the TRUTH. See <http://www.house.state.pa.us/RTKL/RTKL-for-1933HR75.pdf>

Charles Mosely Bey a/k/a C.M. Bey was a prominent Cleveland attorney who was under the jurisdiction of subordinate Temple No. 7, where Bro. Childs-Bey was the Governor. C.M. Bey was a so exceptional and proficient in Law, he was barred from wearing his fez unlawfully by a judge in Ohio due to prejudice. This ultimately kept him from attending the court proceeding and was his only loss in the case of Ahmed El a/k/a Tonelli. Noble Drew Ali had assigned C.M. Bey with keeping Moorish sovereignty and autonomy alive and well, and that alone from a jurisprudence standpoint. As obedience is far better than sacrifice, Bro. C.M. Bey later filed a copyrighted document in the Library of Congress in 1947 coded for the United States Title Code 22, Chapter 2, and Section 141 under judicial protection. He also recorded the 'tax-immune', diplomatic status of the Moors in conjunction with the proper protection(s) afforded them via the MFN clause and the 1947 Treaty between Italy [i.e. Rome] and the U.S.A#. Remember, Noble Drew Ali said: "I brought you everything it takes to save a nation take it and save yourself." See <https://www.loc.gov/law/help/us-treaties/bevans/m-ust000004-0311.pdf>

Five (5) years after this occurrence, the Nationality Act of 1952 was passed by the U.S. Corporation, which unconstitutionally deprived individuals of prior nationality. Stripping Moorish Nationality from the Moors yet again prevented them from taking advantage of their birth-right tax immunity, property-tax exemption(s), and political rights associated with Citizenship of another State. (Moroccan Empire) The Library of Congress filing of C.M. Bey was a huge blow to the European oligarchy occupying the land of the Moors as trustees of the U.S. Corporation. It was also a huge blow to the dirty Moors who betrayed Noble Drew Ali and his teachings. C.M. Bey's full volume set includes information on Moorish Nationality and "Islamism" as our original Creed. It rebukes 'religion' and also includes a nationality card, tax exempt affidavits, and other useful information absent from today's temples. It does not however, include information on Prophet Noble Drew Ali or name him in any way. This was by design as Allah is the greatest of planners. The Nationality Act of 1952 was ultimately overturned by none other than the Supreme Court.

Charles Kirkman-Bey accompanied Noble Drew Ali in 1928 to Havana, Cuba and attended the: CONVENTION ON PRIVATE INTERNATIONAL LAW where he was given the land mandate for the Americas. Kirkman Bey, his personal interpreter, is said to have spoken '92' languages. Well, this is codex by the adepts to indicate that Kirkman-Bey was indeed a traitor and double-agent. [i.e. **Key '92'** of the Moorish Questionnaire 101's: **Q: What title does Satan give Himself? A: God.**] The number "92" is the numerical value of the Hebrew word Jachin according to Abellio, one of the two columns of the Temple of Solomon, the other being Boaz. (1 K 7,21) According to the Bible, Boaz and Jachin were two copper, brass or bronze pillars which stood in the porch of Solomon's Temple, the first Temple in Jerusalem. JACHIN AND BOAZ (Heb. יָכִין):

תַּיָּב), two pillars which were set up in front of the Sanctuary in Solomon's Temple in Jerusalem. This is veiled symbolism for Moors who are awakened.

According to Ohio State and County Records, **subordinate Temple # 7 under the governance of Bro. Childs-Bey was sold to Standard Oil Company*** after the Prophet's transition in 1929, and a new entity was created (i.e. the Moorish Science Temple of America INC.). C. Kirkman-Bey made unlawful changes as far as incorporating a separate entity from what The Prophet established in his 1928 Cook County Affidavit. He also placed the title "Sultan" on his red fez, which was against Prophet Noble Drew Ali's instructions. The Freedom of Information Act requests also uncovered the fact that Colonel C. Kirkman-Bey was also an informant for the FBI, put in place to deliver information on the Moorish movement and counteract its potency.

The only full volume set left in the World of C.M. Bey's work (Clock of Destiny full volume set) is in the custody of the University of Denver Law library. The former head professor of law (Dean Martin J. Katz) had it checked out as of the year 2012. This had been kept privately in his personal library for at least 5 years. The University of Denver has recently appointed Bruce Smith, JD, PhD, as Dean of its Sturm College of Law, effective July 1, 2016. Smith came to Denver University from the University Of Illinois College of Law where he had served as a tenured professor since 2006. Interestingly enough, the five (5) years is the mandatory minimum for repatriation for Moors back to the Empire of Morocco. Strangely enough, the CIA has since 2005 shifted their domestic headquarters to Denver, Colorado. See link: <http://www.washingtonpost.com/wp-dyn/content/article/2005/05/05/AR2005050501860.html>

Noble Drew Ali's former Supreme Grand Business Manager Aaron Payne El abandoned his Moorish title 'EL' and incredulously became the Prosecuting District Attorney for the City of Chicago! He later opened his own private practice as "Aaron Payne" and represented famous boxer Joe Louis, singer Nat King Cole, and other prominent so-called African-Americans. He became a millionaire and was largely successful.

The peculiar fact that we are indeed the true descendants "Moroccans" was completely abandoned until the national emergence of Grand Sheik Frederick Turner El, who spoke both Arabic and English. Turner El He worked with the Prime Minister of Morocco Hajj Ahmed Balafrej to help arrange the independence of the Kingdom of Morocco in 1956(See MSTA FBI file, Report, 4/22/1944, Chicago file 100-33742)

As early as 1934, Grand Sheik Frederick Turner El led his New York Moors to their first religion-based legal victory concerning the Moslem holy day (Friday). See also "Fez No Hat and so it May Be Worn in Court," Independent, January 28, 1937, 5. Sheik Turner-El began vigorously adopting the term "Moroccan" as opposed to just 'Moorish'. His strategic use of Questionnaire Key 31's '*national descent name*' clearly related to the contemporary 'state' of Morocco as opposed to the Empire, of which he was a true heir and trustee as Sheik. He began to immediately look towards the U.N. as a model and source of legitimization for Moorish-American grievances. As he spoke both English and Arabic fluently, the name change was likely done to appeal to an international political audience at-large and increase the potency of his charge(s).

In 1958, Sheik Turner El addressed the U.S. Justice Department, pointing to the U.N. genocide declaration as a legal and ideological base on which the U.S. could begin preventing the further "physical and mental destruction" of so-called African Americans. Ultimately, Sheik Turner El lost followers due to confusion, as the civil rights movement and the desperation for jobs and finance caused potential followers to move towards the more lucrative Black Muslim faction (NOI) and negro Christian ministries, which were heavily financed by Texas billionaire H.L. Hunt and the U.S. corporation respectively through 501c(3) funding. See Link: [https://en.wikipedia.org/wiki/H. L. Hunt](https://en.wikipedia.org/wiki/H._L._Hunt)

These newly formed movements had the numbers and ultimately created the paradigm that still exists today. Frederick Turner El *was on the right path*. Noble Drew Ali stated: "We are what our ancestors were without doubt of contradiction." Moors were and are still unwilling to totally accept their true national descent name, even though it is imperative for their salvation. **See Keys 31 & 34. In September of 1952**, at Frederick Turner El's Moroccan National Convention, 119 distinguished guests included El Aboud Bouhafa and Mohammed Butts (who had both come in May representing Saudi Arabia and Pakistan) as well as Dr. El-Mehdi Aboud, a diplomatic representative of the Sultan of Morocco. There, a committee drafted a petition to be presented to the U.N. asking for Moroccan freedom, which was ultimately granted in 1956.

Sheik Turner El's fighting spirit is alive and well today in the faithful Moors who study themselves, regardless of faction, grand body, temple affiliation, non-affiliation or whatever the case. The jurisprudential excellence of C.M. Bey's work has spawned Moors who study daily the international laws and treaties that pertain to the Moors true status and distinction globally. In 1963 it was reported that after a thirteen-year battle, the Moroccan National Home of in Norfolk, Connecticut—described as existing "for educational and spiritual purposes"—had finally won full tax exemption thanks in part to C.M. Bey's copyrighted documents in the Library of Congress. The late Frederick Turner El proved that 'Moroccan' is our true national descent name. As this is a new era of time, and the modern name for 'Moabites' is indeed – Moroccans, we should all be aware of this ancient and modern philosophy, because "truth is the only thing that changes not." Sheik Turner El proved that the Asiatics from Pakistan, Saudi Arabia and the kingdom of Morocco recognized us as "Moroccans" in accordance with our own doctrine which dated back to at least 1927. The most ironic piece of his accomplishment is that he did this great work while a Sheik in the Moorish Science Temple of America, Inc., a 501c(3). This should be proof alone that it does not matter where you are, it matters most what you DO. We are to be active and not passive. It is really up to us. Unity is strength and when there is teamwork and collaboration, wonderful things can be achieved. Holy Qur'an of Mecca, Verse (13:11) - English Transliteration: "Indeed, Allah will not change the condition of a people until they change what is in themselves. And when Allah intends for a people ill, there is no repelling it. And there is not for them besides Him any patron."

"In Baltimore they stopped Me from coming into a Temple of theirs. In Newark, New Jersey , they rejected Me twice. "We have a group of Moslems called Moorish Americans. They wrote Me a letter not so long ago saying that they were coming over to join up with us. His personal life, which featured many children by three wives, was among the chief inspirations for the television series Dallas, whose most famous character J.R.
