With inspired knowledge and conviction, Noble Drew Ali exposed the fact that the European Colonial Companies / Guilds had systematically usurped the Lands of the Moors. Europeans used force and fire to destroy many of the Aboriginal and Indigenous Moorish Scripts, Records and Artifacts, with the intent to ‘reconstruct’ and ‘distort’ the true history in the Americas (Al Moroc).

The prominent purpose for the ‘RECONSTRUCTON’ of History was to MENTALLY separate the Aboriginal and Indigenous Moors from their NATIONALITY; from their BIRTHRIGHTS; and from their LANDS. This seditious action (based in dedicated Inquisition policies) set up the patterns for political subversion and the usurpation of the Moorish National Treasures and Resources. We Moors, in this day and time, suffer the consequences of those centuries - old acts; even unto this day.

The Europeans use ‘Color of Law’ and ‘Color of Authority’ and rule by ‘*de facto*’ governance. They are falsely claiming to be Americans, and are underhandedly assuming the role of Sovereigns. They have used stolen and misrepresented ‘Jurisdictional Powers’ to force the Natural People into forced servitude, and to create a putrid state of illiteracy, to maintain *imposter powers* over the Natural People, and to exploit our resources. Through a foreign corporate entity, (created by legal chicanery on paper) they have been systematically taxing (and robbing) the Natural People of their labor; by ‘*Escheating*’ their lands and properties; and deliberately interrupting the ‘*Natural Line of Descent*’ among the Moors. With this political intent and social conditioning, Europeans have been *Escheating* the Moors out of all their rightful Lands, their Noble Status, their wealth, and their Hereditaments.

In the ongoing course of addressing and seeking to correct the *Nationality* and *Birthrights* problems facing the Moorish—Americans, Noble Drew Ali made a historic trip to Washington, District of Columbia, in the year 1925 A.D., 1345 M.C. He met with Calvin Coolidge, the President of the United States Republic of America, at that time. Herbert Hoover was elected after him. Drew Ali asked for, and received, the committed lawful acknowledgement of the recognized Unalienable Right, confirming support for his Unalienable and Divine Right to call his people to National attention. He continued his ongoing mission of teaching his people about the Culture and Principles of their Ancient Forefathers. This included the work of restoring Islam and the Names, Nationality and Birthrights to the Moors of America.

For those of you who know Law, you must remember, and never forget, that the lawful phrase for *one being one’s self* is, “***In Propria Persona***”. This is why we remind you to *sign* all Legal Documents accordingly. Let that basic *civic knowledge* remind you of the importance of studying yourselves, as the Prophet Noble Drew Ali instructed.
